

Online collaboration in the cloud

Collaborate online with colleagues in the cloud or download the sync tool and work from your own computer.

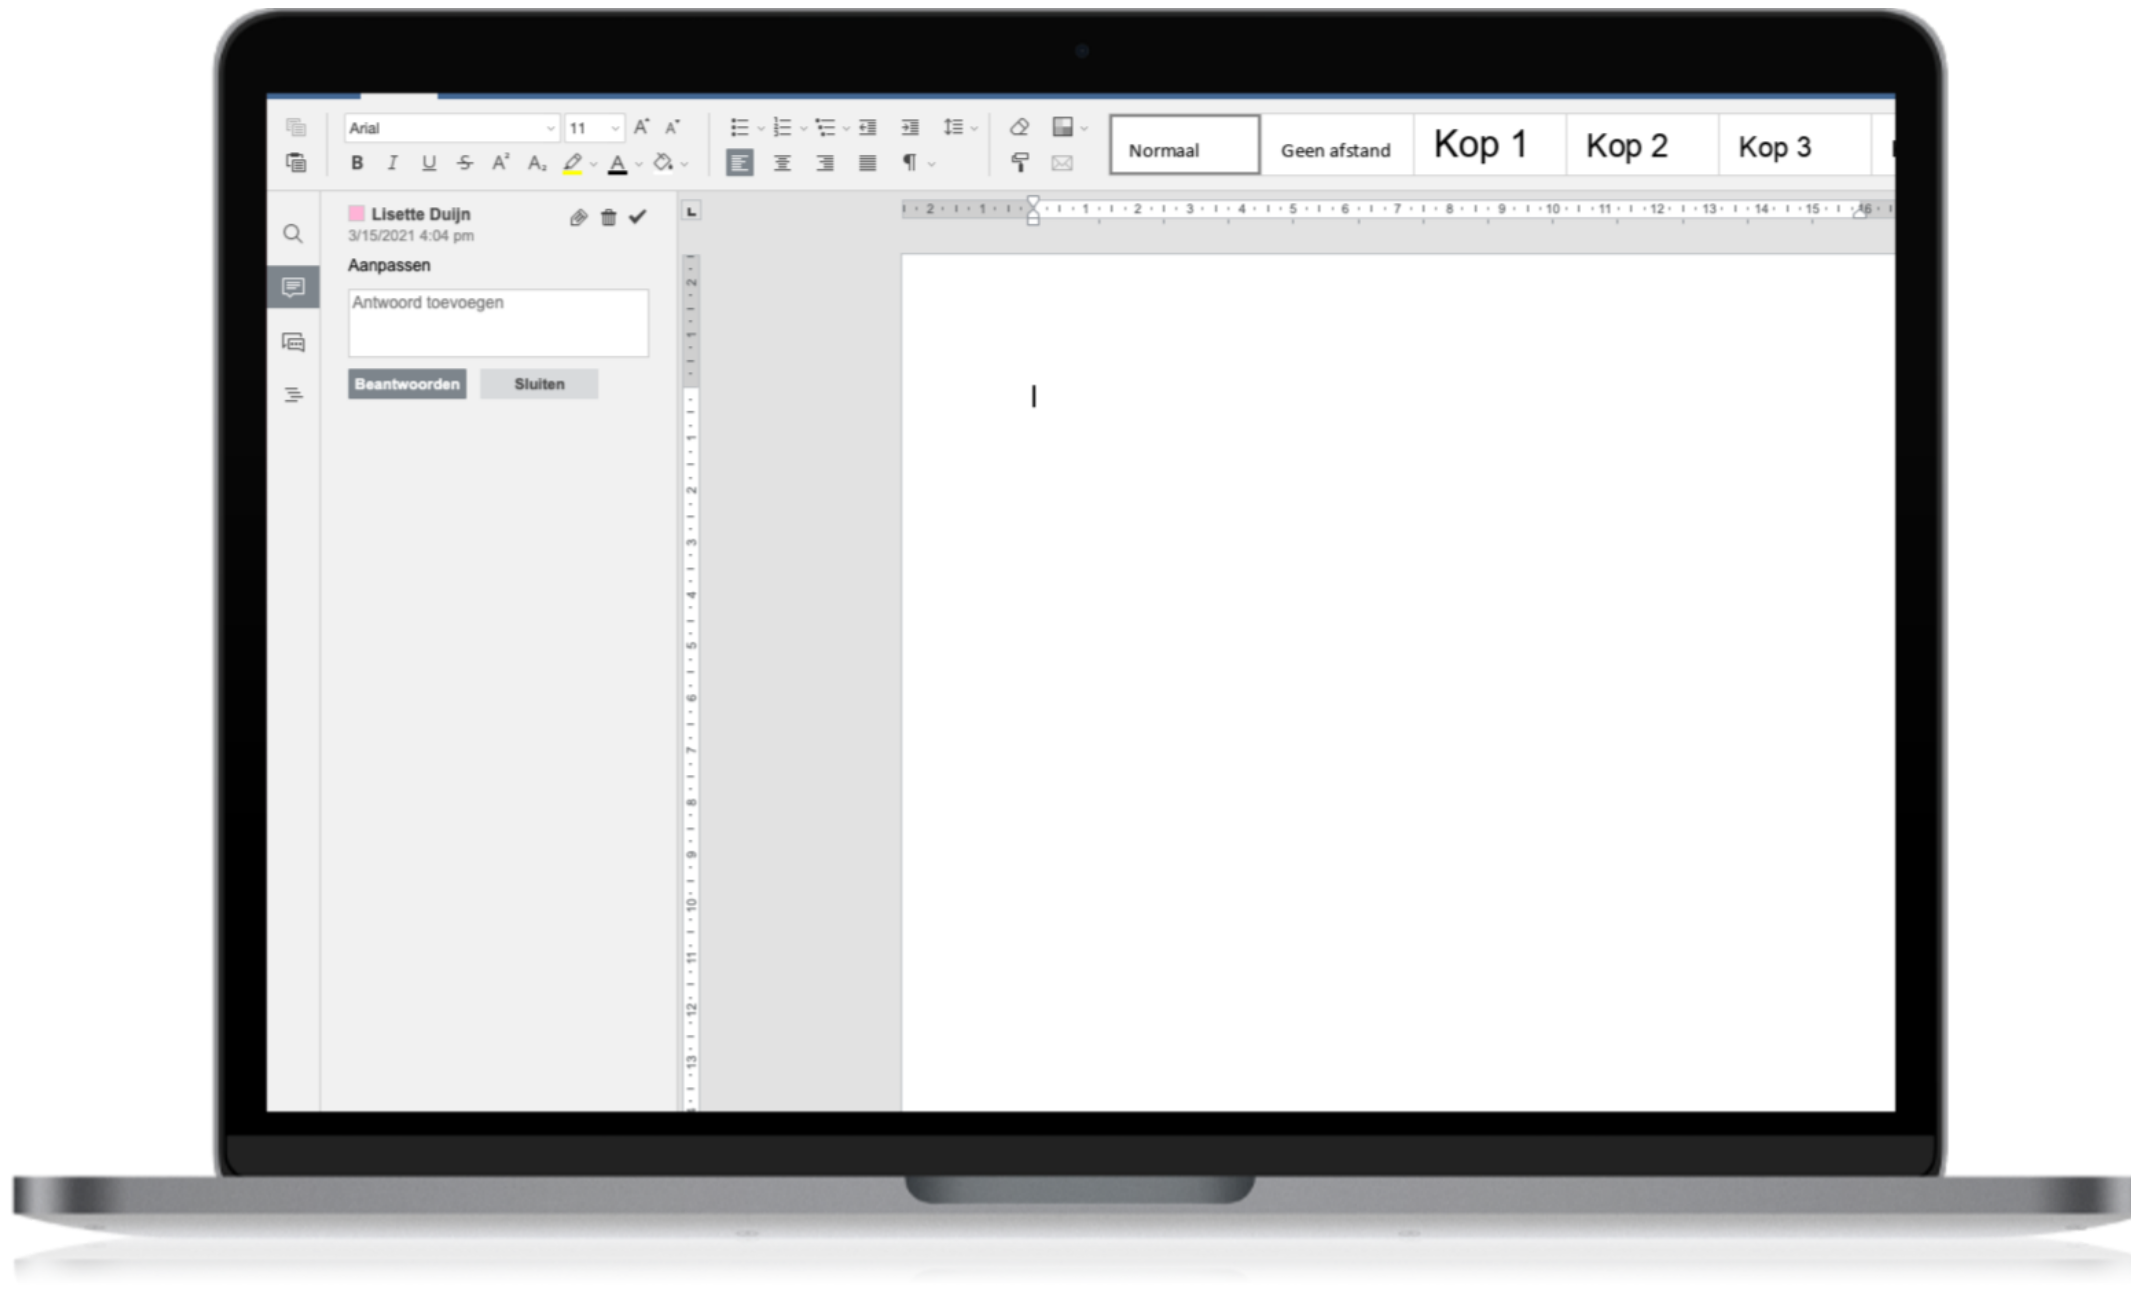

Online Cloud

Sync Tool

Online Cloud

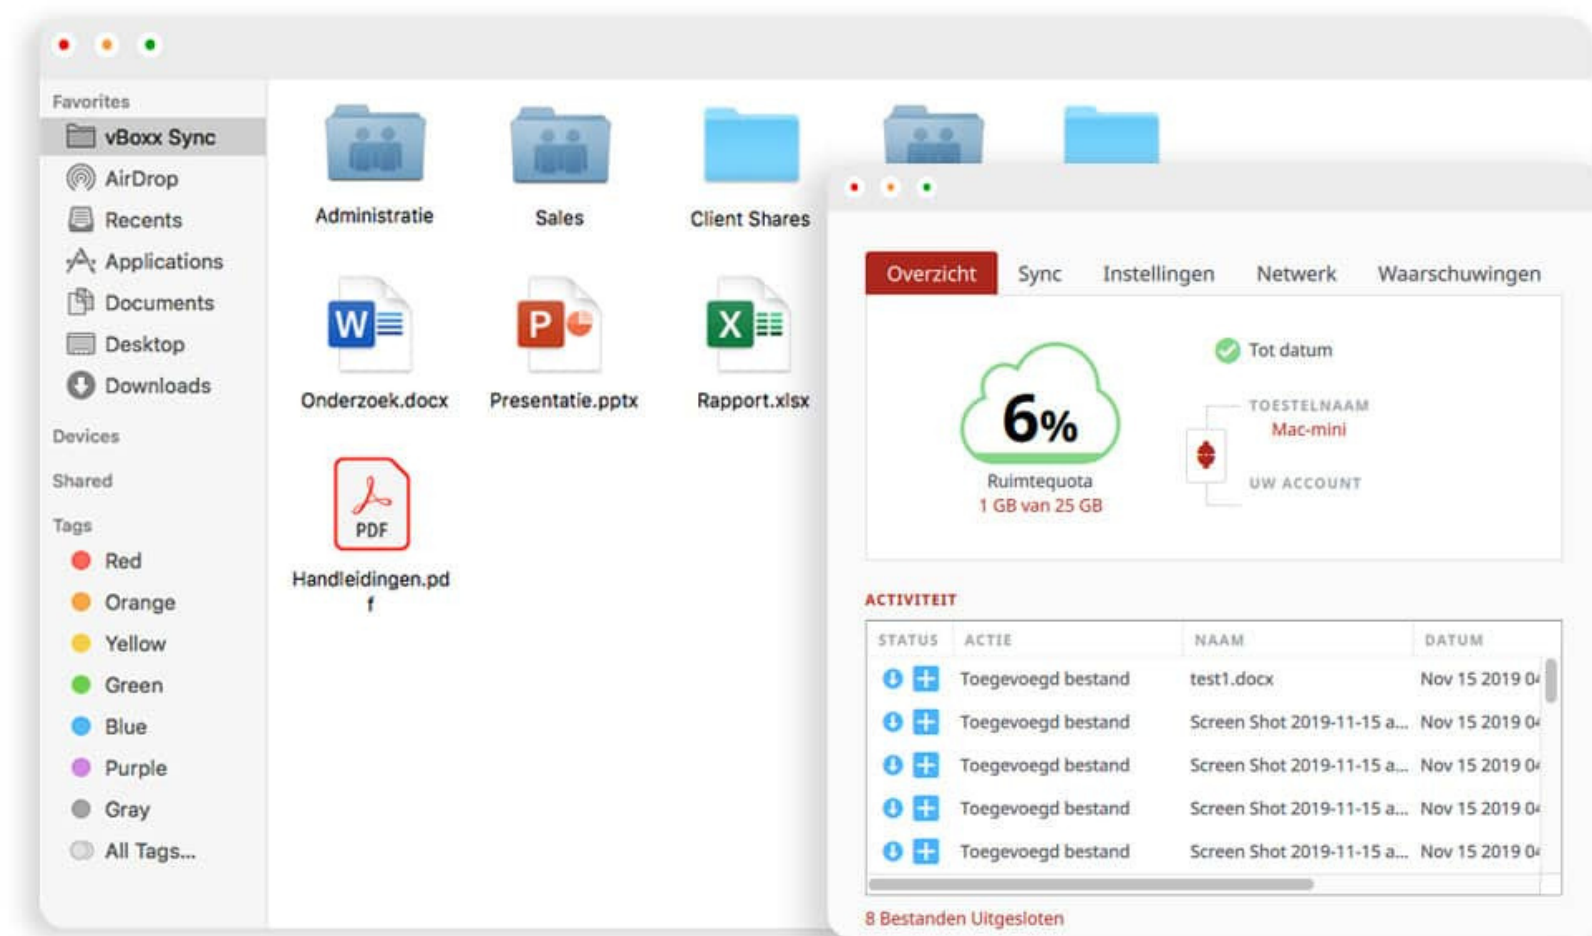

Via the web browser you can log in to vBoxxCloud and collaborate online in the same document.

- Add comments
- Add replies to comments
- Each user has a different color
- Chat with each other in the document
- Adjust each other's changes immediately

Sync Tool

Collaboration is also possible via the sync tool that you can download on the computer. All folders will be synced to your computer through this tool and also to the cloud.

- Fast synchronization
- Easily via your own computer
- Everything is synchronized to the cloud and all other users

Keep your files safe in the cloud. Choose vBoxxCloud!
