How to share your files internally with vBoxxCloud?

Share your files securely with colleagues 🔍

Easily collaborate with colleagues in times of COVID

vBoxxCloud gives you the opportunity to:

- Collaborate with colleagues in a safe environment.
- Share files securely from anywhere.
- Quickly sync files to any device.
- Work offline from your own computer.

Work in Team Shares

- Share and work with multiple users at the same time in the same team folder. You can immediately see each other's adjustments.

- Determine how and which users have access to that shared folder.

Shares > Create Team Share

Press the button:
"Create Team Share"

Choose a name for the folder and add the users you want to share files with in the folder.

Determine user rights

Specify permissions for: Duijn, Patrick

| ROLE	ITEM (FOLDER & FILE)						FILE					FOLDER

Work in shared team folders

01   Via the web browser

Users added in the team folders can create documents securely and collaborate with colleagues in real-time.

02   Via your computer

Users can also work from the computer as usual. Team shares synchronize to your own computer.

With vBoxxCloud, you can be assured that files can be shared with colleagues securely!
